

**KY Using Data Webinar Agenda  
January 13, 20, & 27, 2011**

**Webinar Session 1: Overview of Practice Guide: Using Student Achievement Data to Support Instructional Decision Making and Recommendation 3**

***00:00 Welcome and Introductions***

Host REL Appalachia will provide introductions and an overview of REL Appalachia's work

***02:00 You Can't Hide From the Data Audio Clip***

In this audio clip from the Doing What Works website, hear a principal describe the school wide vision for data use and accountability. This high school has a well-established school wide vision for data use and staff holds each other accountable for improving instruction. The staff has adopted the concept—you can't hide from data.

***19:00 Practice Guide Presentation: Using Student Achievement Data to Support Instructional Decision Making***

Based on the practitioner experience, Dr. Marlene Darwin will present the recommendations from this IES practice guide as they are presented on Doing What Works. She will also discuss the research base for these recommendations.

***38:00 Question and Answer session for both Dr. Darwin and practitioner***

Participants will have the opportunity to ask questions through an online chat which the moderator will then verbally relay to the presenters.

***43:00 Kentucky Data Systems:***

***Recommendation 3; Establish a clear vision for school wide data use***

Mr. Robert Hackworth, Office of Secondary and Virtual Learning, KDE, will provide an overview of the KDE data systems and how the state can support local education agencies.

***53:00 Final Question and Answer***

***59:00 Wrap-up***

**Webinar Session 2: Recommendation 2; Teach students to examine their own data and set learning goals**

***00:00 Welcome and Introductions***

Host REL Appalachia will provide introductions and an overview of REL Appalachia's work. REL will provide very brief overview of recommendation 2.

***03:00 Individual Learning Plan (ILP): KY System for Grades 6-12***

Sharon Johnston, Program Manager for the ILP program will describe how the program works and give examples of how it can be used effectively. Additionally, a practitioner who has had success with the ILP program will guide participants in using the ILP, describe how to avoid problems, and address frequently encountered issues.

***23:00 Question and Answer***

***40:00 Data Boards Audio and Video***

Participants will listen to audio and watch video as one teacher at Jacob Hiatt Magnet School (MA) describes how her school uses data boards.

***50:00 Final Question and Answer***

***59:00 Wrap-up***

**Webinar Session 3: Recommendations 1&5; Make data part of an ongoing cycle of instructional improvement, and Develop and maintain a district wide data set**

***00:00 Welcome and Introductions***

Host REL Appalachia will provide introductions and an overview of REL Appalachia's work. REL will provide very brief overview of recommendations 1&5.

***00:05 Exploring Middle and High School Transitions***

Deneen Zimmerman of Kenton Public Schools, KY will discuss how Kenton County School District in Kentucky is using data to support improvements in teaching and learning, and more specifically on the use of data in elementary schools.

***20:00 Question and Answer***

***30:00 Using Data to Support Instructional Improvement***

Participants will listen to River Ridge Elementary School principal, Shawna Harney via audio footage provided by the Doing What Works Clearinghouse. Ms. Harney will discuss how her school formed a Student Assistance Team (SAT) in order to monitor student progress and develop interventions through collaboration.

***38:00 Student Assistance Team Referral Form and Instructional Integrity Checklist***

Ms. Harney will walk participants through two worksheets she used in the implementation process.

***50:00 Final Question and Answer***

***59:00 Wrap-up***
