

## Kentucky Longitudinal Data System (KLDS): Practitioner Series

**May 25, 2016**

**8:30–9:00 a.m.**

**West Kentucky Educational Cooperative  
Eddyville, KY**

### Agenda

#### *Presenters*

- Dr. Lu Young, Research Scientist, REL Appalachia; and former superintendent of Jessamine County Schools, Nicholasville, KY
- Dr. Kate Akers, Acting Executive Director, Kentucky Center for Education and Workforce Statistics

#### *Content/Activities*

**8:30–8:35 a.m.**

#### **Welcome and Introductions**

*Lu Young*

- Welcome and introductions.
- Goals of the presentation:
  - Raise your awareness of the capabilities, products, and services available to you through the Kentucky Longitudinal Data System (KLDS).
  - Explore ways in which school and district staff can use the KLDS to improve decisionmaking and long-range planning.
  - Provide an opportunity for you to offer feedback to the Kentucky Center for Education and Workforce Statistics (KCEWS) about other reports, tools, and training needed related to the KLDS.
  - Provide you with opportunities to ask questions about the KLDS.
- Overview of the structure and content of today's presentation.

**8:35–8:45 a.m.**

**About the Kentucky Center for Education and Workforce Statistics  
and the Kentucky Longitudinal Data System**

*Kate Akers*

- Brief history of the KLDS.
- Current state of KLDS.
- Future work under way with support from federal grant funds.

**8:45–8:50 a.m.**

**Perspectives of a Former Kentucky Superintendent**

*Lu Young*

**8:50–8:55 a.m.**

**Q & A**

*Lu Young and Kate Akers*

- Your questions about the KLDS and KCEWS.
- Opportunity for you to share with KCEWS what reports, tools, and training you or your district/school staff might need in the future.

**8:55–9:00 a.m.**

**Wrap-Up and Stakeholder Feedback Survey**

*Lu Young*
