## Webinar: Improving Mathematical Problem Solving in Grades 4 through 8

*September 30, 2014*  
*4:00–5:00 p.m. (EDT)*

### Agenda

#### *Presenters*

Lydotta Taylor, Ed.D., Research Alliance Lead, REL Appalachia

John Woodward, Ph.D., Dean, School of Education, University of Puget Sound

4:00–4:10 p.m.

#### **Welcome and Overview**

Lydotta Taylor

4:10–4:15 p.m.

#### **Why Is Problem Solving Important for Today's Math Classroom?**

John Woodward

4:15–4:20 p.m.

#### **Links Between the Virginia Standards of Learning, the National Council of Teachers of Mathematics' Process Standards, and the Common Core State Standards for Mathematical Practice**

John Woodward

4:20–4:40 p.m.

#### **From Research to Application: Putting the Standards Into Practice In the Middle Grades**

John Woodward

4:40–4:50 p.m.

#### **Q&A Session**

John Woodward

4:50–5:00 p.m.

#### **Closing Remarks and Stakeholder Feedback Survey**
