

***Teacher Data Use Survey (TDUS) Webinar Series:
Webinar 2 – TDUS Customization***

**October 21, 2016
WebEx
1:00–2:00 p.m. Eastern Time**

Participant Agenda

Presenters

Dr. Jeffrey C. Wayman, Wayman Services, LLC

Dr. Stephanie B. Wilkerson, REL Appalachia, and President, Magnolia Consulting, LLC

1:00–1:05 p.m.

Welcome and Introductory Remarks

Stephanie Wilkerson

- Welcome.
- Introduce presenters.
- Brief overview of REL Appalachia.
- Ice-breaker polls.
- Goals of this webinar:
 - Increase participants' understanding of the data types used in customizing the TDUS.
 - Increase participants' understanding of how to customize the TDUS.
- Overview of the structure and content of the webinar.
- Where to find the survey and guide (links).

1:05–1:15 p.m.

Brief Review of Webinar 1

Jeff Wayman

- Review of Webinar 1:
 - Survey benefits.
 - Survey versions.
 - Conceptual framework.
 - Survey scales and items.

1:15–1:25 p.m.

Data Types To Be Customized

Jeff Wayman

- Describe the four types of data to be customized:
 - *State*: State achievement tests.
 - *Periodic*: Periodically administered assessments (e.g., commercially available periodic assessments).
 - *Local*: Locally developed assessments (e.g., common formative assessments).
 - *Personal*: Teachers' personally created data (e.g., tests, quizzes, homework).
- Describe the reasons for singling out specific data types, including what survey users might learn through this method.

1:25–1:40 p.m.

Customizing the Survey

Jeff Wayman

- Describe how to customize the TDUS, including where each data type goes and how it affects the survey.
- Describe which parts of the TDUS are not customized.
- Questions?

1:40–1:55 p.m.

Whole-Group Discussion

Jeff Wayman & Stephanie Wilkerson

- Poll: What data forms are you going to choose for the four data types? Be specific about names, where you can.
- Poll: What do you think you know about these data elements?
- Poll: What do you want to learn about these data elements?

1:55–2:00 p.m.

Preview of Webinar 3: TDUS Administration

Stephanie Wilkerson

- Topics will include:
 - The choice between online or paper/pencil format.
 - Skip logic for online administration.
 - Maximizing response.
 - Potential analyses.

Stakeholder Feedback Survey
