

REL Central @ Marzano Research Laboratory

Agenda

Identifying Measures for Evaluating Changes in Teacher Practice, Teacher and Student Attitudes and Beliefs, and Sustainability

September 20, 2013

Objectives

Participants will:

- Develop a deeper understanding of measures and methods for measuring change in areas other than content knowledge.
- Be able to identify other domains lacking readily available measures.

9:00 a.m. Welcome and introductions—REL Central Mathematics and Science Research Alliance, Arlene Mitchell

Presentation by Dave Weaver, RMC Research Corporation

9:05 a.m. Measuring changes in teacher practice, observations, and indicators of sustainability

- Considerations
- Protocols and Measures

9:40 a.m. Measuring changes in attitudes, beliefs, and leadership

- Considerations
- Protocols and Measures

10:15 a.m. Other areas being measured by MSP projects in the Central Region/needs for other measures, John Sutton

Question and answer

10:30 a.m. Closing and adjourn
