Building Bridges to College and Career:
Nonacademic Supports for Rural Students' Successful Transitions
April 10, 2019, 9:00 a.m.–12:30 p.m.
Manchester, KY

Panel Questions

1. Please describe the program you run and how it provides nonacademic supports for students, either in postsecondary transitions or after they reach postsecondary school or training.

2. What kind of nonacademic supports do you provide for students?

3. What are the potential benefits of these programs for students? How do you help students overcome the barriers they face in postsecondary access and success?

4. What are the challenges you face and some of the solutions you have found?

5. How can school staff and local practitioners incorporate some of the strategies you've discussed in their school and community?

6. Are there resources or organizations you recommend participants here contact if they want additional resources?
