

## Training 5 Agenda: Monitoring Outcomes of Wyoming Statewide System of Support Professional Learning

Regional Educational  
Laboratory  
Central

*From the National Center for Education Evaluation at IES*

### Overview

---

**Date and Time:** June 9, 2021, from 9:00 a.m. to 1:00 p.m. MT

**Location:** Virtual event using Zoom videoconferencing

**Stakeholder participants:** The Statewide System of Support team at the Wyoming Department of Education

**REL Central participants:** Jeanette Joyce, Joshua Stewart, Mike Siebersma, David McCullough, McKenzie Haines

### Description

---

This training will focus on understanding common approaches to data preparation, including identifying data errors, cleaning data, and analyzing data (basic quantitative and qualitative analysis methods). The partners will then apply the techniques to clean and analyze a mock dataset or, if available, a dataset related to the professional learning opportunity they are evaluating.

### Agenda

---

#### **9:00–9:30 a.m. Reviewing data analysis plan considerations**

*Presenter:* Jeanette Joyce

#### **9:30–10:30 a.m. Applying analysis plan learnings to complete the evaluation matrix created during Trainings 3 and 4**

*Presenter:* McKenzie Haines

#### **10:30–11:10 a.m. Reviewing data preparation strategies**

*Presenter:* Joshua Stewart

**11:10 a.m.–12:10 p.m. Reviewing data cleaning considerations and limitations**

*Presenter:* Joshua Stewart

**12:10–12:55 p.m. Applying module principles to a data cleaning activity**

*Presenter:* David McCullough

**12:55–1:00 p.m. Identifying next steps**

*Presenter:* Mike Siebersma
