

Meeting Agenda Pilot Implementation Planning

Regional Educational
Laboratory
Northeast & Islands

From the National Center for Education Evaluation at IES

February 25, 2021: 10–12:00 p.m. Atlantic

Goal: The goal of this workshop series is to continue to build the capacity of key stakeholders in Puerto Rico to help them to implement best practices in data use to inform instructional decision making.

Outcomes of Session:

- Come to consensus on the answer to Question 3: How will we know that a change is an improvement?
- Create an action plan to implement pilot strategy and collect data.

10:00	Welcome, introductions, norms and expectations Cerelle Morrow, Senior Program Associate, REL Northeast & Islands
