

## Agenda

Strategies to Increase Access and Success for Underrepresented Students in CTE and STEM

June 15, 2017

### *Objectives*

- Provide an overview of evidence-based strategies and tools to encourage the participation of underrepresented groups in highly technical and STEM-related fields.
- Present a framework with supporting resources that practitioners can use to identify and implement effective strategies to increase the participation, persistence, and completion of underrepresented students in STEM and other nontraditional career preparation programs.

11:00–11:05 a.m.	Welcome and introductions	Brandi Holten, REL Northwest at Education Northwest
11:05–11:10 a.m.	Moderator	Sandra Staklis, RTI International
11:10–11:50 a.m.	Keynote presentation	Ben Williams, National Alliance for Partnerships in Equity
11:50–11:55 a.m.	Q&A	Staklis and Williams
11:55 a.m.–12:00 p.m.	Wrap-up and survey	Holten

*This event is sponsored by REL Northwest at Education Northwest, funded by the U.S. Department of Education Institute of Education Sciences.*
