

REL West Webinar:

Academic Mindsets and Behaviors, Prior Achievement, and the Transition to Middle School

December 8, 2021
12:00–1:00 PM Pacific

The webinar will:

- Provide an overview of the relevant literature establishing the relationship between grade 5 academic mindsets and behaviors and the risk of having a low GPA during the transition to middle school
- Explain and answer questions about the study findings on this relationship with respect to students' transitions to middle school in the Clark County School District
