State Education Priority

Indiana is dedicated to using data to help improve the education and well-being of Indiana residents. Currently, the state provides publicly available data through School and Corporation Data Reports and DOE Compass, and also processes data requests based on the Family Educational Rights and Privacy Act on information regarding assessments, attendance, enrollment, and graduation/dropout.

To learn about how Regional Educational Laboratory Midwest is helping Indiana support the continuous improvement of educators through research-practice partnerships, visit the REL Midwest website:

1. Districts include regular local school districts, supervisory union administrative centers, regional education services agencies, county superintendents, state-operated institutions which serve special-needs populations, and federally operated institutions.

2. Schools include public elementary and secondary schools, career and technical schools, charter schools, schools that provide instruction virtually, and schools run by state agencies.

3. School locale code definitions can be found here: https://nces.ed.gov/ccd/pdf/2016077_Documentation_062916.pdf
* Less than 1% of the state's students identify as American Indian or Alaska Native.
