| -est                | To compare three or more things or people (superlative). | None—just add est to the end of the word, unless the word ends in y. Then change the y to i before adding -est. | • Tall becomes tallest.  
|                     |     |                  | • Smart becomes smartest.  
|                     |     |                  | • Happy becomes happiest. |

## Directions

1. Review grammatical endings, which are word parts added to the end of words that affect the tense, number, or comparative/superlative. An inflectional ending is a word part that is added to the end of a base word that changes the number or tense of a base word. A base word can stand alone and has meaning (for example, **cat**, **bench**, **eat**, **walk**). Inflectional endings include **-s**, **-es**, **-ing**, **-ed**.
• The inflectional endings -s and -es change a noun from singular (one) to plural (more than one): cat/cats, bench/benches.

• The inflectional endings -ing and -ed change the tense of a verb: eat/eating, walk/walked.

2. Review comparative and superlative adjectives and adverbs, which are used to compare two or more things, such as –er and –est.

• Comparative adjectives and adverbs are used to compare two or more things. The orange cat is bigger than the grey cat. Notice the -er in bigger. The -er is the comparative ending added to the word big.

• Superlative adjectives and adverbs are used to compare three or more things. Hannah is wearing the brightest shirt. Notice the -est in brightest. The -est is the superlative ending added to the word bright.

3. Cut out the word cards, shuffle, and place face down in a stack.

4. Provide your child with the activity sheet.

5. Ask your child to:

• Select a word card from the stack and read the word. Help your child blend the sounds together if needed.

• Write the word in the blank before the plus sign.

• Select a grammatical ending from the bank of grammatical endings on the Activity Sheet to add to the end of the word.

• Write the grammatical ending in the blank after the plus sign.

• Write the new word in the blank after the equal sign. You may need to change the spelling of the original word to create the new word.

• Discuss the meaning of any unknown words.
Key

The key includes words your child could spell. For example **stun** could change to **stunning**.
