

## 10 | Regional Educational Laboratories (RELs)

Partner with state and local K-12 education agencies, higher education, early education, and other stakeholders to increase their ability to use data and research evidence to inform relevant, field-driven policies and practices:

- Conducting applied research
- Providing training, coaching, and technical support
- Sharing research through easily accessible formats

## 15 | Regional Comprehensive Centers

Equip state education agencies to support districts and schools:

- Resources and tools on evidence-based practices
- Training and coaching on implementing ESSA state plans

## 7 | Content Centers

Provide the CCs and states with current education research and content expertise:

- Improving state-level capacity
- College and career readiness
- Early childhood education
- Teacher and leader quality
- Learning innovations
- School turnaround
- Standards and assessments

# Federal Education Network of Support

## 4 | Equity Assistance Centers

Support states and districts in providing an equitable education for all:

- Meeting legal nondiscrimination requirements
- Addressing bullying and harassment
- Creating positive school climates
