Exploring data visualization strategies

November 17, 2020
9:00 a.m.–12:00 p.m. CT

Objectives:

1. Provide an overview of the principles and practice of data visualization.
2. Provide participants with an opportunity to apply those principles to Arkansas Department of Education (ADE) data for three targeted initiatives in the state.
3. Identify plans and next steps for ADE's data visualization support and practice.

Agenda

Time	Activity
