

NAEP Process Data Frequently Asked Questions

1. *Will there be timestamp process data for the student questionnaire?*

Response: Yes, timestamp process data is in the restricted use data file for the questionnaire block items and the questionnaire as a whole (e.g., questionnaire total time).

2. *On the NAEP website, there are some student questionnaire items with stars and a note that says “this item was not administered to enough students to report.” Will data for those items be in the restricted use data license?*

Response: Yes, the responses to all survey items are included in the restricted used data file.
